Plenty of safe parking in the Urban Square P2 basement

If you are travelling to Century City Hotel Urban Square in your own vehicle or a hired car, you don't have to worry about where to park. You will find plenty of available bays in the Urban Square's P2 basement parking. This safe underground parking area provides direct access to the Urban Square itself via a lift to the foyer of the Conference Centre or via a staircase that pops up in the Square just meters from the hotel entrance.

To reach the entrance to this parking area, follow the direction above from the CBD. Or the Cape Town International Airport, but when you reach the second traffic circle, instead of turning left, take the second exit, turn left at the next traffic circle, and follow the signs to the P2 parking area.

To get to Century City Hotel Urban Square without a private motor vehicle, we would recommend travelling by Uber or metered taxis. Both services will offer reliable, safe

and relatively affordable fares from the CBD, the V&A Waterfront and the Cape Town International Airport.
